## ABOUT ME

Banking and Information Technology professional with over 3 years of hands-on experience in Clearing Operations and 6 months of experience as a Trainee Banking Assistant within Customer On-Boarding Operations at Union Bank of Colombo PLC. Demonstrated expertise in banking operations, cheque clearing, customer onboarding, documentation, system-based processing, and User Acceptance Testing (UAT), with experience working across multiple operational functions. Holds a Bachelor of Information Technology (Honours) specializing in Information Systems Security, complemented by knowledge of cybersecurity, networking, web applications, and information security. Brings a strong combination of banking operations expertise and technology knowledge, with a career focus on IT, cybersecurity, banking technology, and financial services.

## EXPERIENCE

- **Banking Assistant – Clearing Operations**
  ***Union Bank of Colombo PLC*** **2019 Oct - 2022 Oct**
  - Supported day-to-day cheque clearing operations, including CITS, UITS, USD cheque deposits, in-house cheques, and other cheque clearing activities.
  - Performed cheque image processing and system operations, including downloading, uploading, and processing cheque images through relevant clearing systems.
  - Managed cheque archival and retrieval, including maintaining cheque boxes and retrieving archived cheques in response to requests from the Risk Department, branches, and customers.
  - Conducted User Acceptance Testing (UAT) for clearing systems, including BDS, LIME, and AS400, and supported the identification and reporting of system-related issues.
  - Performed operational activities with a strong focus on accuracy, data integrity, compliance, and timely processing.
  - Collaborated with internal teams to identify, communicate, and support the resolution of operational and system-related issues.

- **Trainee Banking Assistant – Customer On-Boarding Operations**
  ***Union Bank of Colombo PLC*** **2019 Apl - 2019 Oct**
  - Supported customer onboarding and account-opening related operational activities.
  - Handled and maintained customer and account-opening documentation, ensuring accuracy, completeness, and proper record management.
  - Assisted with system-based processing and coordination of onboarding activities in accordance with internal procedures.
  - Coordinated with the Administration Department on the archival, storage, and retrieval of customer mandate documents.
  - Liaised with the Recoveries Department to retrieve and provide requested customer mandate documents to support recovery and collection processes.
  - Supported day-to-day operational activities and collaborated with internal departments to ensure timely completion of requests.
